

The background of the top half of the image shows two glasses of iced lemonade. Each glass is filled with a clear liquid, ice cubes, and a slice of lemon. A black straw with white polka dots is inserted into each glass. The glasses are placed on a blue surface, possibly a tablecloth. In the background, there are more lemons and a white object, possibly a napkin or a piece of paper. The entire scene is overlaid with a semi-transparent teal color.

FOOD FOR FUNCTION

Today's consumers are looking for snacks that support their overall nutritional needs, not just hold them over until dinner.

Turmeric

Reduces inflammation. Trending in beverages and nut milks.

Charcoal

Purifies the body. Trending in water and juice.

Baobab

A prebiotic & high in fiber. Trending in packaged & dried snacks.

Activated Charcoal Lemonade

CONNECTIVITY

Increasingly, the equipment we place is connected to the Internet of Things - we use telemetry to gather insights about these machines without being in front of them.

Proactive maintenance & repair - we can see when the machine is down before you do, reducing outages.

Bevi, Cafection, TopBrewer, and Bunn all have connected machines.

NATURAL SWEETENERS

Products without added sugars have been trending for months. Now consumers are looking for more natural ways to incorporate sugar into their diet. Consider the following products, either in snack foods or for coffee in your pantry:

- Honey
- Maple Syrup
- Stevia

FAT IS BACK

Healthy fat that is... we're seeing more products with higher fat content. The difference this time is that the emphasis is on healthy, natural fats.

Healthy fat isn't limited to snack foods. We're seeing it crop up in ready to drink beverage options in pantry coolers as well.

- ◆ Full-fat yogurt
- ◆ Added coconut oil in ready-to-drink beverages and prepared snacks
- ◆ Avocado

Full-fat yogurt with granola
